PROFESSIONAL SUMMARY

American football coach with over **15 years of combined playing and coaching experience**, developed alongside a professional career as a **software engineer**. Strong background in player development, practice planning, and team organization across youth and adult levels. Exposure to NCAA Division I football operations confirmed a clear commitment to pursuing collegiate coaching as a full-time career. Highly motivated, disciplined, and eager to contribute within a university football staff.

SKILLS

- Player Development & Fundamentals
- Practice Planning & Drill Design
- Offensive Concepts & Game Preparation
- Leadership & Mentorship
- Video Analysis & Scouting (Hudl, XOS, Catapult Thunder Cloud)
- Organization & Communication
- Microsoft, Google, Canva, Video Editing, Software Development
- Languages: French (Native) | English (Professional Working Proficiency)

COACHING EXPERIENCE

Head Coach & Founder — Gorilla Strasbourg (France)

2023 – Present

- Founded and developed a youth American football program from the ground up
- Designed structured practice plans focused on fundamentals, technique, and football IQ
- Mentored athletes on discipline, teamwork, and long-term development

Offensive Coordinator — Minotaure Strasbourg (France)

2019 – 2022

- Designed offensive systems and weekly game plans
- Collaborated with position coaches to develop players and adjust schemes
- Assisted with play installation, film review, and in-game adjustments

Head Coach — Géant Souffelweyersheim (France)

2008 – 2018

- Founded and developed a youth American football program from the ground up
- Led teams across multiple competitive levels
- Organized practices, managed games, and developed players across positions

COLLEGIATE FOOTBALL EXPOSURE

Coaching Immersion Program — University of Florida Gators (NCAA Division I)

2022 – One-week program

- Participated in coaching sessions focused on 1-on-1 drills and position-specific teaching
- Observed the daily structure and organization of an NCAA football program
- This experience confirmed my desire to pursue collegiate football coaching as a career

PLAYING EXPERIENCE

American Football Player — France & Germany

2008 – 2024

Positions: RB, QB, TE, OL/DL, LB, Special Teams

PROFESSIONAL BACKGROUND

Software Engineer — France

Current

- Strong skills in organization, analysis, and problem-solving
- Applied structured thinking to practice planning and player development
- Seeking full-time transition into collegiate football coaching

International Master of Science (M.Sc.) — Computer Science

SUPINFO International University — 2013
